Watering Restrictions Updated

As a result of heavy storms and record snow packs, the Industry Public Utilities Commission voted to return to a **Stage 1 Water Supply Emergency**. Watering restrictions will now be as follows:

- **Outdoor watering is limited to 3 days per week on Monday, Wednesday and Friday**
- **Repair leaks within 5 days after receiving notice from Industry Public Utilities**
- **No outdoor irrigation between 9a.m. and 5p.m.**

Permanent Water Conservation Measures

Outdoor Watering

- No outdoor irrigation from 9 a.m. to 5 p.m.
- No irrigation runoff to sidewalks/streets or watering public street medians

Use a Broom

- Sweep sidewalks, driveways and hardscapes instead of hosing them down

Fix Leaks

- Check for leaks and repair them regularly

Outdoor Watering

- Use only recirculating water in decorative fountains
- Turn sprinklers off during rain
- No watering for 48 hours after rainfall
- Use a nozzle when washing cars

Consumer Confidence Report

Did you know a Consumer Confidence Report is an annual drinking water report delivered to our customers that provides important information about your drinking water quality?

Your drinking water is tested thousands of times per year to ensure it meets or exceeds all state and federal drinking water standards. Our water is tested by certified professionals and laboratories to ensure the highest levels of safety.

A copy of this report was mailed out on June 30, 2023.
Electronic versions are available at industrypublicutilities.com.

Investing in Infrastructure

Lomitas New Generator

The design and construction of a new generator to replace the existing generator at the Lomitas Pumping Station will provide backup power to ensure a continuous water supply during power outages or disruption.

4th. Avenue & Trailside Dr. Waterline Improvements

Construct approximately 1,950 feet of 8-inch Ductile Iron Pipe on 4th Avenue to loop distribution system to Trailside Drive and increase fire flow and reliability to the surrounding area.

Proctor Maintenance Yard

Construct a prefab modular building at the Proctor Maintenance Yard to replace the existing building.

112 N. 1st Street
La Puente, California 91744
